Job Description

Innovative Management Concepts (IMC) is supporting the Department of Veterans Affairs' consolidated Mail Outpatient Pharmacy sustainment and modernization. The CMOP is a network of seven highly-automated production facilities which employ a mixture of robotic devices, conveyor systems, and human factors to accurately fill and ship nearly 120,000,000 prescriptions per year for healthcare beneficiaries including our nation's Veterans, active duty service members, and patients eligible for care through Indian Health Service (IHS).

Responsibilities:

- High-level knowledge of SQL - indexes, normalization, schemas, stored procedures, and triggers
- Ability to write technical specifications
- Develop solutions that integrate with existing VA architecture
- Program using industry standard methods
- Work in Agile team environment with analysts, developers, testers, production support staff, stakeholders, and external vendor partners

Required Qualifications and Skills:

Note: These are mandatory items that all candidates must have when making application to IMC for this position. Please ensure that your submission addresses each of these requirement items. Candidates without these required elements will not be considered.

- BS degree in Computer Science or equivalent or 10+years combination of training and experience
- Expert T-SQL and analysis skills
- Strong database development skills MS SQL 2014+
- Strong SSIS and ETL skills
- Experience with Visual studio 2015/2017
- Experience with Team Foundation Server 2015
- Experience with .NET and C#; 4.5+

- **Please note that pursuant to a government contract, this specific position requires U.S. Citizenship.**
- **This position requires the ability to obtain a VA designated High-Risk Background Investigation (BI)**

Residency Requirement:

Work is on 90% remote, but within 90 miles of one of the following locations
***for onsite support as needed: ***

CMOP locations
- Leavenworth, KS
- Tucson, AZ
- Hines, IL
- Charleston, SC
- Murfeesboro, TN
- Chelmsford, MA
- Dallas, TX

Desired Qualifications and Skills:

- Experience with HL7
- Experience with VistA framework
- Mid-Tier Application Servers (IIS 7)
- MCSE: Data Platform

Background Information:

Innovative Management Concepts, Inc. (IMC), a Service-Disabled, Veteran-Owned Small Business, provides a broad range of information technology services to government and commercial clients. Since its founding in 1989, IMC has offered solutions and expertise in: IT operations and maintenance, cyber security, systems and network engineering and support services, cloud/hosting services, software engineering and development, website services, software quality assurance and testing (including IV&V), and project management. IMC is certified in International Organization for Standardization (ISO) 9001:2015 Quality Management, ISO 27000:2013 Information Technology Security Management, and ISO 20000:2011 Information Technology Service Management. As a Service-Disabled Veteran-Owned Small Business, IMC places a special emphasis on recruiting and hiring veterans. Find out more about IMC at www.imcva.com.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law.
