E-mail: Michelle Dionne, Corporate Recruiter, michelle.dionne@imcva.com Email Subject Line: Senior Telecommunications Engineering Specialist – ARNG NCR DOIM			
Job Description			

The telecommunications engineer is responsible for providing support to the telecom infrastructure including VoIP phone system and POTS communications.

Responsibilities:

- Support for landline telephony management.
- Data circuit management.
- Wireless device (e.g., smartphone, satellite phone, table and hotspot) support.

The senior telecommunications engineering specialist will

- Ensure that ARNG NCR DOIM telephony systems are functioning and maintain uptime.
- Perform troubleshooting on equipment and data circuit outages.
- Configure PBX and call manager systems to include setting up vmail.
- Assist users as required and assist with user training upon system upgrades/changes.

Required Qualifications and Skills:

Note: These are mandatory items that all candidates must have when making application to IMC for this position. Please ensure that your submission addresses each of these requirement items. Candidates without these required elements will not be considered.

- IAT Level II Certification – one or more of the following current certifications:
 - Security + and/or CompTIA Security + Certification
 - SSCP – ISC Systems Secured Certified Practitioner
- **All applicants must be U.S. Citizens and have current security (SSBI) clearance eligibility with full collateral investigation with sensitive compartmented information, day one and prior to entry on duty.**

Desired Qualifications and Skills:

It is desirable that the candidate has the following qualifications:

- Avaya phone system certification and experience desired.
- A relevant educational degree in one of the follow fields: Computer Science, Information Systems, Information Technology, Cyber Security, Statistics, Business Administration, Systems Engineering, Computation Science, Computer Engineering, Electrical Engineering, Data Analytics, Information Technology, Information Security and Assurance, Mathematics, Software Engineering, Systems Engineering, or Telecommunications.

*****This position is contingent upon IMC’s award of the ANG NCR DOIM IT Support Task Order now being competed under the GSA VETS 2 GWAC. *****
